**Dear Success Enthusiast,**

**It's true!**

There is a secret to manifestation success.

And it's not the law of attraction.

**It's the Laws Of Mind™.** And I'm going to show you exactly how to use this true secret once and for all, so that you're finally manifesting your true desires at long last.

**This guy is a genius!**

Every line and every word of this guide is absolute GOLD. This guy is a genius, simple as that. I can't believe the true secret is actually in here. The true secret is amazing!

If you're a sane person, you need to read this. This is the alternative to the law of attraction you've been looking for. Don't falter at the chance when someone shows you the road right in front of you.

You see, the true secret to achieving your desires has been clouded so much, that it has still remained a secret. The true secret to manifestation is not the law of attraction and never ever was. **It has always been the Laws of Mind™.**

**Listen. A secret is a secret for a reason.** And this secret hasn't been revealed for a good reason: people cannot stomach it! My guide will explain exactly how to actually achieve your dreams...using the true secret once and for all.

**The Laws Of Mind™ can be summarised as this:** *All power to manifest lies in your mind, because existence is mental in nature. To achieve your goals simply requires a change in your state of consciousness through the combined steps of energy, intent and action.*

The reality you experience is mental which is linked to your own mind, and it is changes in your own mind which directly creates the physical reality.

### **The Power Of Your Mind Is Your License To Get What You Desire On Demand - Anytime You Want**

All you need to understand is...

Achieving your dreams is simply a specific system of doing things, which involves 3 steps, called: *Energy, Intent And Action.*

### **Here Are 5 Simple Reasons Why This Is The True Secret And Completely Slaughters Every Other Manifestation Model Out There, And Especially The Law Of Attraction**

**Reason #1:** It gets results quickly, with certainly and with absolutely nothing left to chance *FROM DAY ONE*. All you need to do is follow the simple step by step instructions and watch your life change around completely.

**Reason #2:** It gets to the cause of manifestation. The law of attraction is an effect. It is not the cause. The mind is the cause of all phenomena in true manifestation of your dreams. Only through understanding the Laws of your Mind can you understand the cause of manifestation which can get you what you want.

**Reason #3:** You don't need to know about quantum physics, spirituality or other "manifestation-like" topics. All you need is a brain and an open-mindedness to what I will teach: The true formula is simple yet dangerously powerful.

**Reason #4:** You don't need to visualise all day. Okay, the law of attraction principles don't say this, but I'm still surprised by the number of people who visualise every day and still wonder why their dreams don't come true!

**Reason #5:** You don't need the things that make manifestation a pain in the neck. You don't need vision boards, gratitude, feelings, constant positive thinking etc etc.

Plus, in the system I've perfected for you...

### **I Am Going To Transform You Into A Successful Manifester From Scratch, No Matter What Situation You Are In**

Business tycoons, Nobel Laureates, sports personalities and political leaders are the power [brokers](#) who have **the ability to manifest** because they know how to apply **the power in their minds to turn their lives around.**

It's from these people that the Laws Of Mind™ have been painstakingly extracted and filtered into a simple, 3 step system for you to achieve your dreams.

### **Here Is My Story**

Listen, if I didn't do it myself, I wouldn't even believe it. In fact, the only reason I even tried to find the true secret was my life was in such a state, that I had to.

My name is Kadra Adams, co-creator of the BrainTune® mental enhancement audio series. I once used the principles of the Law Of Attraction, thinking it was the answer to my problems. I cried watching "The Secret" movie when it first came out because I thought the true secret and solutions to my ills was finally here.

**At that time, I was desperate, single and completely and totally broke.** I had great success in academics, but apart from that, I couldn't achieve or change my situation no matter what I did.

You see, I had a tough job in the heart of London, UK and I wanted to use the Law of Attraction principles to help

Fred Mostin. UK.

**This has got to be my number one!**

Derek Wong, China

Well, I have to admit that I've bought a few manifestation guides before but this has got to be my number one. What a great product!

How did you come up with all this? It's brilliant! It smashes everyone to absolute pieces, and I'm talking about the absolute famous crème de la crème here.

An idiot could get this and manifest millions. What a great chance to make a difference for real.

**Holy Freakin Cow!**

Sokat Ali, Leicester, UK

Holy freakin cow! I can't believe how good this is. This is something else!!!!

Your guide is extremely well written My head is boggling and I finally get it.

Why couldn't the law of attraction be like that?

My dream is to be a doctor and using your secrets, I've finally managed to qualify for the entrance exam. You've fulfilled the wish of those that have a dream. Thank you so much.

me get out of the rat race. I had no financial or job security where I was. I was a slave to my boss and living from pay check to pay check. I wanted freedom and independence badly, and I had none of it. On top of that, my relationships with my friends and family were a mess which put a serious dent in my confidence.

**But no matter what I did to improve my situation and how much I studied and applied the Law of Attraction, it never ever worked for me.** In fact, I was still in exactly the same situation and I couldn't understand why. And then it struck me..... how can the Law Of Attraction be the secret to success if it doesn't and isn't working!?

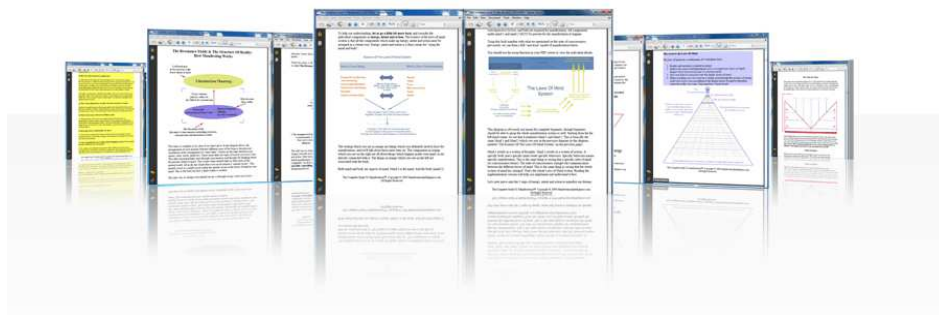

**I was completely heart broken and somewhat angry with myself.** The so called "secret" didn't work FOR REAL and I would have to find a replacement quick or lose my sanity!

After years of banging my head against the wall, I have found the answer which has literally changed my life. It is called the Laws Of Mind™ and it ties all the loose ends of manifestation together. It gives you everything you need and it is without doubt the holy grail of manifestation.

I have now quit my rubbish job, and am now working to build a multi-million [dollar](#)  global enterprise from scratch. My confidence has never been better. My relationships are excellent and things are looking brighter (finally!) **The Laws of Mind™ is a revolution in human consciousness and understanding and it can completely turn your life around for good.**

And guess what? The true manifestation secrets apply to ANY situation in your life. With real secrets comes REAL success:

**Oh yes, this is good!**

Adriana Smith, U.S.A

At long last. I think you should get the word out about this and see how those law of attraction "gurus" shake in their boots! So far I feel so much clearer in my head, and have a much better sense of my self and direction in life. I can't wait to manifest my bigger goals.

Your system is unique and makes so much sense.

I would say to anyone reading this: run, and run to get this now. This information is too good and might not be around for too long.

Good luck!

**So much better than the law of attraction!**

David Torres, Australia

Good stuff mate, job well done, and so much better than the law of attraction. I'm glad you've got this out showing an awesome opportunity to manifest for real. I particularly liked the step by step nature of what you're teaching here. It's clear, and I never got that from the law of attraction courses I did.

I'll be recommending your course to my friends, and thanks once again.

I just happen to think this course is wonderful, not the same old thing said in a different way. So far I'm surprisingly impressed.

Intelligence: The Laws Of Mind System™". This guide will seriously teach you on how you can go about achieving the life you want and relieving yourself of any burdens and difficulties you may be facing in your life, for real.

I've used these people as EXAMPLES because they've created the biggest manifestations we could think of, instead of manifesting small little things like everyone else seems to have.

Finally, there are only 3 steps. *That's it*. Follow the steps from one to three and your done!

Thank you for providing me and others with such a clear, comprehensive and 'true' manifestation material that I have been truly seeking for a long period of time. There's lot of hype on the internet nowadays, everybody seems to be a great expert, but in most cases it is only a waste of time and money.

As a "humble" final comment, let me tell you that you've put a mind blowing material together. Thank you very much on behalf of everybody who already experienced it.

(A. Lukacs, Australia) [Testimonial Proof](#)

I dont really write e-mails for products I buy but I had to say something here. Your guide is really really interesting. If this is the true secret, I wouldn't let it get out too much. This info is too good.

(J. Eidman, U.S.A) [Testimonial Proof](#)

Thank you for the help.. the information that both of you have provided has been of great benefit in the shortest space of time. Lately - I recently finished my course of project management... I aced it with a distinction, 89% 1 mark away from 90%.

I then recently received a promotion as a project manager - in my company - things are moving very quickly. I have applied certain techniques and rules--and yes the results have been great.

### This Guide Is The Key To Your Desires, And It Will Change Everything For You...

Lets down to the grass roots here:

How does it make you feel to know that some tycoon or guru somewhere can magically manifest BILLIONS OF DOLLARS or get MULTIPLE partners or MULTIPLE mansions of their dreams on a plate, while YOU bang your head against the wall as you struggle to get started manifesting anything?!

It's a horrible feeling, and you owe it to yourself to put it right. You owe yourself peace of mind in your life, away from all the horrible burdens, troubles and ills you may be facing by not knowing the Laws of Mind.

Life is supposed to be ABUNDANT, prosperous and satisfying, and NOT full of burdens.

My friend, I have found the secret and it is not the law of attraction. **It's the Laws of Mind™** and I'm going to give you *this true secret at long last..*

### I'm Going To Help You Create A System Of Manifestation That NEVER Stops Manifesting Your Dreams For You.

You know, my situation a few years back was really really bad. I would hate to go back to that position where I was broke with a rubbish life, but I know many many people are in exactly my old shoes and need this information badly. And here's what I know about you - you want to manifest your dreams or you wouldn't be reading this letter....and you want to be seeing results **fast**.

Plus you want to get there without burning yourself out, right? **Of course that's right!** That's what everybody who wants to achieve their dreams wants. It's what everyone who is struggling also wants.

**Frankly, YOU deserve success.** You probably work hard. You're not dumb. Maybe you've been banging your head against the wall for years trying to achieve your dreams, and nothing has "clicked".

### This Guide Is The Key To Your Dreams, And It Will Change Everything For You...

You have knocked this completely on the head and annihilated the law of attraction. The true secret is out: The Laws of Mind™ is the secret!!!!

My advice to you is this: don't let other people fool you. If you've failed to manifest your dreams, there is a definite reason why: you have been listening to the wrong people!

Samuel Hawk, California, USA

#### [Testimonial Proof](#)

Im writing this e-mail about your guide. I think you just annihilated the law of attraction. It would be interesting to hear what other "gurus" so to speak have to say about it. Maybe everyone would lose credibility? Even famous names like <deleted>.

I think this is just great and thank you for bringing it to the public eye.

(A. Saunders, U.S.A) [Testimonial Proof](#)

Thank you so much. Read the entire package in one sitting. Amazing.

(S. Rudzinski, U.S.A) [Testimonial Proof](#)

Thank you for the 7 points. I am so excited about having something practical to apply to change my life. You are so to the point. You have blessed me. Thanks again.

(Anonymous, U.S.A) [Testimonial Proof](#)

I bought the course and I think it is awesome....

(G. Simoni, U.S.A) [Testimonial Proof](#)

I don't know what to say! You are a really magnificent, special team. God Bless You.

(F. Canolli, Brazil) [Testimonial Proof](#)

Suitable for the whole family, young, old, & any background.

Step by step instructions, including color diagrams, illustrations and examples

Make progress and changes in your life from day one onwards.

Gain a full and clear understanding of

how manifestation works.

## Okay, But Will I Need To Mortgage My House To Afford This????

Absolutely not! *This is not what this is about.* Think of it this way. This is years of hard research and and physical effort condensed, to formulate and simplify EVERY strategy for manifestation success into a complete manifestation SYSTEM, called the Laws Of Mind™.

And I don't want a whole bunch of people ordering my product and doing nothing with it! I want you to be fully engaged and motivated to achieving your dreams, and that can only happen when you put *some of your own skin* on the line. So I asked myself, "what's a good way to keep you fully engaged, but not exclude other people who really need this?".

And I think you will be pleasantly pleased with the answer.

**The Laws Of Mind System™ is only \$47 US.**

Don't pass out on me. *That's not a typo.* It's a great price to know the truth.

**However, there are only two catches:**

**First, you need to be willing to use these methods.** This guide will teach you the true secret, but it will require you to put it into action. Don't just "read it and do nothing". I want you to put the actions into place and get what you want.

**Second, I'm forced to put up the price soon.** I have to because frankly this information is too good and shouldn't be in the public eye. **This is way underpriced** because I want it to be a special deal for people who really need it.
